

ACRYLIC ACID & ESTERS

WHYTE CHEMICALS IS ONE OF THE LARGEST IMPORTERS INTO THE EU

Whyte Chemicals have been supplying Acrylic Acid and its Esters into the EU for over 40 years and have built up a strong and reliable supply chain from both Asia and Europe. By using our global sourcing reach we are able to procure product at the best market price. We are able to supply Glacial Acrylic Acid, Butyl Acrylate, 2EHA, Ethyl and methyl Acrylate in quantities from one drum to full bulk loads. These are used to prepare polymers with rigid, flexible, ionic, non-ionic, hydrophobic, or hydrophilic properties and are used in dispersions, emulsions for adhesives, coatings, inks, woven and non-woven textiles, plastics and polymers and superabsorbent products.
